Scriptissimo is, as the name says, very much of a script! It is in the best American tradition. A script that could have served for writing the Constitution with, if only they would have had computers at that time.
Scriptissimo consists of three different scripts that are meant to be used together. One is the script with the more or less plain characters. Two is the version for characters to start a word with. Three is the cut that has the characters for the end of a word. Ligatures is used for, well, ligatures and some glyphs like Ltd., GmbH, and so on.
Scriptissimo is a very elegant and versatile script. It can be used for chocolate bars as well as stock certificates. I really enjoyed designing it. Yours scriptissimo, Gert Wiescher

Scriptissimo-Forte is the bold version of Scriptissimo. When using the normal cut of Scriptissimo I sometimes had the feeling that I could well use a bolder cut to make a bigger impression, so I simply made that cut for myself. I think you can use it too; try it out. Yours very bold scriptissimo, Gert Wiesche

Dies ist Blindtext. Er ist nur dazu da, um zu zeigen, welchen Eindruck der endgültige Text einmal machen wird. Blindtext hat den Vorteil, daß man daran genau auszählen kann, wie viele Buchstaben einmal an seiner Stelle stehen werden, so muß man nicht auf Verdacht texten.
