In 1903, faced with the welter of sans offered by ATF, Morris Fuller Benton designed News Gothic, a 20th-century standard. In 1995 Tobias Frere-Jones studied drawings in the Smithsonian and started a redesign. Cyrus Highsmith reviewed News Gothic and, with the Font Bureau studio, expanded it into Benton Sans, a far-reaching new series, with matched weights, widths, and performance well beyond the limits of the original; FB 1995–2008

GRUMPY WIZARD MADE TOXIC BREWS FOR THE EVIL QUEENS & jacks. Lazy movers quit hard packing of papier-mâché jewelry boxes. Back in my quaint garden: jaunty zinnias vied with flaunting phlox. Hark! 4,872 toxic jungle water vipers quietly drop in on zebras for a meal! *For only \$65, the jolly housewives made us "inexpensive" meals using only quick-frozen vegetables.* Newest farm hand (picking just six quinces) proved strong, but lazy. Jaded zombies acted quaintly but kept on driving the 310 oxen forward. **At my grand prix, J. Blitzen was equally villified for his funky ways.** My dear grandfather spent his days quickly carving 14 wax buzzards, mostly out of junkers. When we go back to Juarez, Mexico, will we be flying over pictures
