Daniel Perraudin began the sketches for Parka in 2007. The design became a central part of his thesis for a diploma in Information Design from the University of Applied Sciences in Graz, Austria. Parka benefited from the support of designers Georg Salden and Günter Gerhard Lange. With its sturdy forms and humanistic influences, Parka performs evenly through all weights, showing great strength in smaller sizes; FB 2010

GRUMPY WIZARDS MADE 1506 TOXIC BREWS FOR EVIL QUEENS & JACK. LAZY MOVERS QUIT THE HARD packing of a papier-mâché jewelry box. Back in my quaint garden: the jaunty zinnias vie with flaunting phlox. HARK! 4,872 TOXIC JUNGLE WATER VIPERS DROP QUIETLY ON ZEBRAS FOR MEALS! Their new farm hand (picking just six quinces) proves stronger, but lazy. For just \$65, a jolly housewife made “inexpensive” meals using only quick-frozen vegetables. *The jade zombies, acting quaintly, kept on driving the 310 oxen forward. AT MY GRANDEST PRIX, J. BLITZEN WAS EQUALLY VILIFIED FOR HIS FUNKY WAY.* My old grandfather spent his days quickly carving 194 wax buzzards, mostly from junk. **Will Major Douglas be expected to take this true/false quiz very soon?** Jimmy and Zack, as the policemen explained, were last seen diving into a field of buttered quahogs. Fifteen big juicy steaks
