Ela is the typeface I originally designed for the business of my second wife and mother of my two sons, her name is of course Michaela.

»Ela« the typeface is suitable for magazines, newspapers, posters, advertisements, books, text, documentation/business reports, business correspondence, multimedia, and corporate design.

Because lately this typeface has become very popular, I decided to extend it. I designed 8 weights plus Italics, Smallcaps and Italic Smallcaps altogether 32 cuts.
